WHAT MAKES US UNIQUE?

Tashikka takes big businesses to new emerging high potential markets. Tashikka's edge lies in its network development over the years through integrity & perseverance. The company has been instrumental in bridging industry gap between local requirements and company supply. With over two decades of industry experience, the company has been able to analyse the industry at grass root level and help leading companies reach out to smaller but high potential pockets & create win-win situation.

7th INTERNATIONAL PRINT PACK SIGN EXPO

Vision - Mission

Tashikka Expositions endeavors to bring professionals, entrepreneur and companies on a common platform to trade and exchange information and technology for mutual benefits, especially to untapped markets leading to financial & social growth.

Print Pack sign Expo (PPSE) is an International exhibition for Printing, Packaging, Signage and Allied Machineries. PPSE is a specialized show to explore business potential in Emerging International Market and smaller High Potential Territories. The exhibitors from across the globe participate and showcase live demonstration of their equipments and machineries. PPSE has seen regular participation from world's leading brands, such as Canon, kodak, Xerox, Agfa and over fifty important players of print packaging market worldwide.

- Organising Exhibitions for Over 18 Years
- Penetration in High Potential Virgin Markets
- Huge High Potential Visitors Following
